

# Vehicle Purchase Programs

Some companies find it advantageous to purchase their fleet instead of leasing. If you fall into this category, Union Leasing offers a complete vehicle Purchase Program that takes care of all management duties from vehicle purchase through disposal. As part of the Purchase Program, Union Leasing will:

- Deliver a vehicle anywhere in the country;
- Obtain all initial licensing and titling, as well as administer annual renewals;
- Support you through state and local tax issues;
- Assist in model and equipment selections as well as replacement vehicle policies;
- Help, when necessary, with any manufacturer warranty claims; and
- Remarket your vehicles through our extensive, national resale network.

In addition to these acquisition and disposal services, our entire menu of fleet operations services is available to you.
