

Fleet Operation Services

Union Leasing offers several maintenance program options designed to ensure smooth operation of your fleet. We can help you select the best fit based on your budget and a comfortable level of involvement by you and your drivers.

Program Features:

- Uniform discount pricing on mechanical & tire services including, but not limited to, oil changes, brakes, tires, windshield and tempered glass repair, transmission maintenance and replacement, as well as engine repair.
- No cash outlay required by drivers.
- ASE and I-Car certified technicians field calls from your drivers, negotiate with vendors, approve & audit repairs based on your established parameters.
- Monitoring of warranty status on vehicles to control unnecessary repair requests.
- Convenience of using a National Account card valid at nationwide service centers including Goodyear, Firestone, Jiffy Lube, Midas, Valvoline, Sears, Pep Boys, and a host of regional repair suppliers.

Maintenance Management - The “We Manage It” Approach

This turnkey maintenance option is ideal for companies requiring professional service advice without the added expense of hiring an internal maintenance coordinator. Our Maintenance Management team becomes an extension of your organization, interacting with employees and repair facilities across the country to control repair requests.

Our ASE-certified maintenance department takes the burden off of you as all requests for repairs are directed to our call center. We manage each and every repair individually using the vehicle’s past service history as a guide to what will or will not be needed next. This option saves you time and your company money while maximizing your employees’ productivity.

National Tire & Maintenance Service - The “You Manage It” Approach

This is an excellent fit for those capable and willing to be involved in the daily maintenance activity. We provide access to more than 25,000 tire and service facilities across the US, offering standardized pricing and centralized billing. You determine the level of involvement on individual repairs by setting a field authorization limit that’s right for you.

Our Added-value Services

Both the Maintenance Management & National Tire & Maintenance Service level options offer these added service benefits. All services are accessible through our Toll-free Driver Service Center.

Preventative Maintenance Program

Every vehicle enrolled in the Union Leasing Maintenance Service is assigned a specific Preventive Maintenance Schedule aimed at encouraging your vehicle operators to perform targeted maintenance services at the proper time. The program is designed to address the necessary general maintenance needs crucial to keeping your vehicles in top operating condition as well as avoid both overspending and underspending on your maintenance costs. Union Leasing works with you to come up with the proper mileage intervals that will achieve an optimum spending level.

Emergency Road Service

24/7 emergency services for towing, lockouts, no starts, fuel, mechanical breakdowns, and tire issues.

Warranty Claim Processing

Union Leasing offers both pre- and post-warranty assistance for all vehicles enrolled in the maintenance repair service. Utilizing Union Leasing's expertise and leveraging our relationships with the vehicle manufacturers adds value and savings when mitigating warranty claims.

Windshield & Glass Replacement

Nationwide access to glass replacement facilities designed to either repair or replace broken windshields, side and back glass—all at the industry's most competitive prices.

About Union Leasing

At Union Leasing, we provide flexible solutions for every stage of your Fleet Management Lifecycle: Planning, Leasing, Fleet Operations, and Remarketing. It's a holistic approach that ensures your business goals are achieved. But what really sets us apart is how we deliver. We treat every customer as if they were our first. We avoid off-the-shelf solutions, and instead work with you to tailor an approach that meets the needs of your clients and your business.
